Etkinlik 6 Read the text. Circle True or False. (*Metni oku; doğruysa True, yanlışsa False.*)

Guess what? Sea turtles are amazing animals! They live in the sea, but they lay their eggs on the beach. They can swim very fast and they can dive deep. Sometimes they hide under rocks. But there are many dangers. Turtles eat plastic bags because they think they are jellyfish! Fishing nets and pollution are dangerous, too. Last year there were a lot of turtles on our beach. This year there are only a few. What a shame! We should keep the beaches clean. You mustn't throw plastic into the sea. I think the turtles will come back!
