SORUMASYON

16. Guess what? Sea turtles are amazing animals! They live in the sea, but they lay their eggs on the beach. They can swim very fast and they can dive deep. Sometimes they hide under rocks. But there are many dangers. Turtles eat plastic bags because they think they are jellyfish! Fishing nets and pollution are dangerous, too. Last year there were a lot of turtles on our beach. This year there are only a few. What a shame! We should keep the beaches clean. You mustn't throw plastic into the sea. I think the turtles will come back!

Where do sea turtles lay their eggs?

A) in the sea
B) under rocks
C) on the beach
D) in a river

17. My study desk: The pen is on the laptop. The plant is behind the laptop. The crayons are under the notebook. The cup is in front of the laptop.
